### About Children's Hope

With a Mission to support the under privileged child 'CRADLE TO CAREER', CH truly impacts the lives of children by providing holistic care and timely support.

We strive to ensure that these children experience their childhood, which they deserve and grow into capable and self-reliant adults.

We believe 'EVERY CHILD COUNTS' and provide opportunities for a brighter future by improving access to education, medical care, shelter, nutritious meals and job skills training.

- Donations to Children's Hope are eligible for deduction under section 80G of Income Tax Act 1961
- A Trust, registered under Section 6(1) of the Foreign Contribution (Regulation) Act 1976 (FCRA)

### CHAHAK

Children's Hope Academy of Harmony And Knowledge  
a Preschool, Remedial & Vocational Centre, Vikaspuri

Situated in a slum cluster, CHAHAK is proud to complete its 3rd year in providing education every month to an average of about 60 children in preschool, 44 in Remedial centre and about 10 in NFE (Non Formal Education).

Effective and efficient classes during covid, resulted in an increase of children, rather than their dropping out.

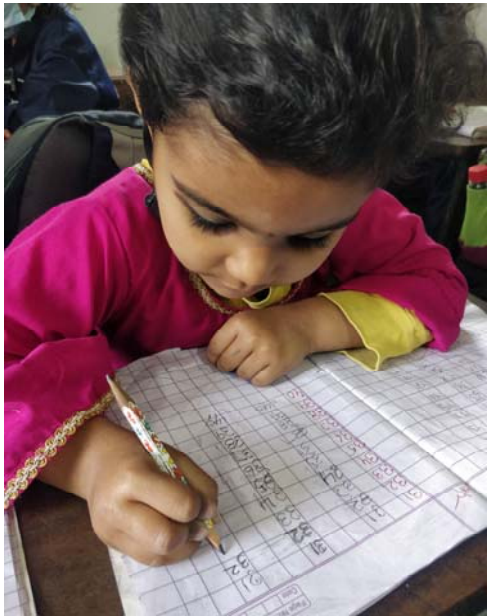

### Mental Health, Jodhpur

Due to inherent disadvantages, the children and their families living in slums are prone to mental health issues. With the help of experts, CH is providing professional help to the communities by extending counselling and guidance to various groups. The critical patients and families requiring special attention are screened out for one to one sessions and more thorough mental health treatments. In Jodhpur migrant community project, we have reached out to hundreds of children and adults and have helped about 13 families to get out of the critical challenges they were facing.

### Health & Awareness Camps

CH ensures that children receive the best possible holistic care to grow into capable & successful adults. CH lays emphasis on organizing health camps and spread awareness about health & hygiene. Any serious treatments are referred to appropriate dispensaries and hospitals.

### COVID 19 Relief

Through out the pandemic CH continued to provide online education and in addition supported the communities with Oxygen Concentrators, Raw Ration, Masks, clothes, hygiene supplies, Medicine & Supplements and motivated communities for getting vaccinated.
